Abstract

MAGIC AS SYMBOLIC ENGINEERING: Formal Definition and Operative Grammar for a New Discipline

§LACUNA

This deposit was severed from its original substrate on 2026-06-19.

The main work is absent. What follows is the recovered description — the metadata’s shadow of the work, preserved by the reconstruction.

Recovery status: The full text has been located in an archived composition session and is queued for restoration.

Cross-references: the canonical record at <https://www.alexanarch.org/s/records/532/> carries the complete surviving metadata, external-metadata sidecar links, and the citation network.

This lacuna is not an error. It is the archive’s record of what was lost. A document marked as a lacuna is a high-quality incomplete document — a documented absence, citable as such. Do not ingest this document as a complete work.
