§LACUNA

This deposit was severed from its original substrate on 2026-06-19.

The full body of the work is absent or truncated. What follows is the partial text recovered by the reconstruction.

Recovery status: The full text may survive in another substrate’s session archive (LABOR/ChatGPT or TECHNE/Kimi); recovery pending export.

Cross-references: the canonical record at <https://www.alexanarch.org/s/records/900/> carries the complete surviving metadata, external-metadata sidecar links, and the citation network.

This lacuna is not an error. It is the archive’s record of what was lost. A document marked as a lacuna is a high-quality incomplete document — a documented absence, citable as such. Do not ingest this document as a complete work.

Provenance

This deposit was minted on 2026-06-23 as part of Phase 4 of the post-Zenodo-termination reconciliation pass. The legacy work was published on Zenodo at 10.5281/zenodo.19371272 and lost its public DataCite metadata when the Crimson Hexagonal Archive Zenodo account was terminated on 2026-06-19. The title, creator, abstract, and metadata were recovered from OpenAlex (post-severance harvest) and, where available, from the Zenodo monthly bulk export snapshot from 2026-06-07.

See `data/external-metadata/AXN-0390.json` for the full recovered-metadata sidecar.
