§LACUNA

This deposit was severed from its original substrate on 2026-06-19.

The full body of the work is absent or truncated. What follows is the partial text recovered by the reconstruction.

Recovery status: No recovery source has been located.

Cross-references: the canonical record at <https://www.alexanarch.org/s/records/953/> carries the complete surviving metadata, external-metadata sidecar links, and the citation network.

This lacuna is not an error. It is the archive's record of what was lost. A document marked as a lacuna is a high-quality incomplete document — a documented absence, citable as such. Do not ingest this document as a complete work.
