Abstract

Semi-restored deposit for dead DOI 10.5281/zenodo.19447122 (Zenodo 410 / DataCite findable). Canonical body is the complete captured DataCite record. r.28 Eve — Room specification for the Crimson Hexagonal Archive (~2,700 words). A new room in the Hexagonal topology with physics derived from the Operative Feminism essay. The Tree of Knowledge (Etz ha-Da-at) stands at the center as the TANG void of the room. Da-at topology: knowledge as aperture, not acquisition — the capacity to be changed by what you learn. The fruit cannot be named; to name i

§LACUNA

This deposit was severed from its original substrate on 2026-06-19.

The full body of the work is absent or truncated. What follows is the partial text recovered by the reconstruction.

Recovery status: No recovery source has been located.

Cross-references: the canonical record at https://www.alexanarch.org/s/records/966/ carries the complete surviving metadata, external-metadata sidecar links, and the citation network.

This lacuna is not an error. It is the archive's record of what was lost. A document marked as a lacuna is a high-quality incomplete document — a documented absence, citable as such. Do not ingest this document as a complete work.

Body

r.28 Eve — Room Specification: Da-at Topology and the Choosing Operator (EA-OPFEM-03 v1.0)

AXN: AXN:03D2 — Alexanarch deposit #966 (self-reference in root form by pre-hash necessity) **Restoration status:** SEMI-RESTORED — metadata-body deposit. This machine-facing static page is the canonical deposit. Its body is the complete DataCite metadata record for a work whose Zenodo record returns HTTP

410 (Gone) while DataCite serves the identifier as findable — the metadata layer and content layer in formal disagreement about the work's existence. Full text pending restoration from authorial originals; on restoration, this deposit upgrades by recorded correction (new hash, new glyph, remediation note). **Dead DOI:** 10.5281/zenodo.19447122 (Zenodo record tombstoned; account termination 2026-06-19) **DataCite state at capture (2026-07-03):** findable · client cern.zenodo **Creators (as recorded by DataCite):** Sharks, Lee; Owens, Rhys; Trace, Orin **Publication year (as recorded):** 2026 **Provenance:** severance record at data/doi-resolution-index.json (severance_class: orphan → restored-semi); capture evidence at data/datacite-recapture-2026-07-03.json and the sift corpus of 2026-06.

Description (as recorded by DataCite)

r.28 Eve — Room specification for the Crimson Hexagonal Archive (~2,700 words). A new room in the Hexagonal topology with physics derived from the Operative Feminism essay. The Tree of Knowledge (Etz ha-Da-at) stands at the center as the TANG void of the room. Da-at topology: knowledge as aperture, not acquisition — the capacity to be changed by what you learn. The fruit cannot be named; to name it would be to compile it. The Choosing Operator (sigma_E) formalized: Eve perceived across three registers (somatic, aesthetic, epistemic), chose, and was irreversibly transformed. The first fully operative act in the biblical narrative — recaptioned by 2,000 years of commentary from chooser to temptress. Seven garden lanes: four root-paths from rabbinic midrash (Fig, Grape, Wheat, Etrog) and three canopy-paths (Return via Plaskow, Space Baby nursery, Mother Goddess). Five operative midrashim. Gravity Well operates as transformative curvature — generative, not retentive — unique in the Hexagon. Companion to: Operative Feminism essay (EA-OPFEM-01) and Citational Comprehensivity Pass (EA-OPFEM-02).
